

ADVERTISER GUIDE

Advertising on TestMandi

A complete walkthrough from creating your advertiser account to publishing a paid text ad on the homepage or a specific exam category page.

1 Register as an Advertiser

1. Go to **testmandi.in**.
2. Click "**Log in / Register**" in the top-right corner.
3. Select "**Advertiser**" — not Buyer or Seller.
4. Fill in your contact name, business/advertiser name, email, phone number, and a password of at least 8 characters.
5. Click **Register**.

You're logged in immediately, and can go straight to Ads Studio.

2 Verify Your Email

- Check your inbox for a TestMandi email with a **Verify email** link and click it.
- Didn't get it? Use "**Resend email**" on the verification banner.

3 Ad Placement & Pricing

TestMandi runs **text-only ads** (no images) in two placements, always clearly labeled "**Sponsored**" to buyers:

PLACEMENT	COST	WHERE IT SHOWS
Homepage	₹500 / day	Top of the Marketplace, seen by every visitor
Category page	₹200 / day	Top of results for one specific exam category (e.g. only NEET)

4 Create an Ad

1. Go to **Ads Studio** in the top navigation.
2. Click "+ **Create ad**".
3. Fill in:
 - **Headline** — up to 60 characters
 - **Ad text** — up to 140 characters
 - **Placement** — Homepage, or a specific exam category
 - **Number of days** — how long it runs
4. The total cost is calculated automatically (days × the placement's daily rate).
5. Click "**Pay & publish ad.**"

5 Pay for Your Ad

A secure checkout opens for the calculated total. Pay via UPI, card, or netbanking.

The moment payment succeeds, your ad goes live immediately — no approval wait.

6 Track Your Ads

ADS STUDIO SHOWS

Active ads currently running with days remaining · total ads run · total spend · each ad's headline, text, placement, and cost

Once an ad's duration ends, it automatically stops showing and is marked **Expired** — you can create a new one any time.

Tips for an Effective Ad

- Keep your headline specific and benefit-focused — with limited characters, make every word count.
- **Category placement** is cheaper and more targeted if your offer is relevant to just one exam.
- **Homepage placement** suits broad appeal — offers or services relevant to all candidates.
- Run ads for several days rather than just one, so repeat visitors see them more than once.
