

BUYER GUIDE

Using TestMandi

A complete walkthrough from creating your account to buying a test, taking it, understanding your score report, and earning rewards by referring friends.

1 Register as a Buyer

1. Go to **testmandi.in**.
2. Click "**Log in / Register**" in the top-right corner.
3. Select "**Buyer**" — not Seller or Advertiser.
4. Fill in your name, email, phone number, and a password of at least 8 characters.
5. If a friend referred you, enter their **referral code** in the optional field — you'll both benefit later.
6. Click **Register**.

You're logged in immediately after registering.

2 Verify Your Email

- An amber banner appears after registering: "*Please verify your email address.*"
- Check your inbox for a TestMandi email with a **Verify email** link and click it.
- Didn't get it? Click "**Resend email**" in the banner.

3 Browse the Marketplace

- **Search** by test title or seller name, and **filter by category** — NEET, JEE Main, UPSC CSE, SSC CGL, Banking, School Boards, State PSC, and more.
- **Sort** by rating or price.
- Each card shows price, question count, duration, seller name, and star rating.
- Look for "**Best value**" **bundles** — multiple tests packaged at a discount.

4 Buy a Test

1. Click **Buy** on any test (or **Buy bundle**).
2. A secure checkout opens.
3. If you have an unused referral reward, check the box for **50% off** this purchase.
4. Pay via UPI, card, or netbanking.
5. The test unlocks immediately in **My Learning**.

Some tests are free (₹0) — clicking Buy unlocks these instantly with no payment step at all.

5 Take the Test

1. Go to **My Learning** and click **Start test** on anything you've purchased.
2. Use the numbered question palette to jump between questions.
3. A **live countdown timer** tracks the test's duration — it **auto-submits** whatever's answered the moment time runs out.
4. Click **Submit test** whenever you're ready, or let the timer do it.

6 Understand Your Score Report

EVERY REPORT INCLUDES

Accuracy and time taken · comparison to your previous best (with a "New personal best!" callout) · a topic-wise breakdown chart · question-by-question review with explanations · an improvement chart across attempts once you've retaken a test

You can **retake** any purchased test as many times as you like — each attempt gets its own report.

7 Rate Tests & Refer Friends to Earn

After your score report, rate the test 1–5 stars to help other buyers choose well.

In **My Learning → Refer & earn**, you'll find your personal referral code and a shareable link (copy it or send on WhatsApp), how many friends you've referred, and any rewards available. The moment someone you referred makes their **first purchase**, you automatically get **50% off** your own next purchase.

8 Managing Your Account

- **Forgot your password?** Click "Log in / Register" → "Forgot password?", enter your email, and follow the reset link sent to your inbox.
- Your full purchase history and every attempt live permanently under **My Learning**.

Tips for Getting the Most Out of TestMandi

- Check a test's **rating and number of ratings** before buying — it's a real signal of quality.
- Use the **topic-wise breakdown** after every attempt to focus your next study session on weak areas, not just the overall score.
- **Bundles** are usually the best value if you'll want more than one test in a category.
- Share your referral link with classmates — the easiest way to unlock 50% off your next test.
